

## Canyon Crest School Community Council October 22, 2015

Present: Dr. Darren Johnson, Megan Westbrook, Erica Mildenhall, Marci LeMonnier, Alison Parker, Amy Grunander, Justine Dorton, Adele Youd, Stephenie Larsen

Minutes: Minutes of the November 14, 2014 meeting were read. Marci LeMonnier motioned that we approve the minutes. Amy Grunander seconded the motion. The vote was unanimous in the affirmative

### Business:

1. PTA Voting Member—Justine Dorton spoke with Paula Plant about the PTA President being a voting member of the community council every year. Paula gave the go ahead for Amy Grunander, PTA President 2015, to be member this year, but in the future the PTA president would have to be elected like everyone else for a 2-year term. In the future, the council will maintain 6 parents/4 faculty voting membership. The meetings, as always, are open to any adult.
2. DVD—The council watched the DVD Earning for Education. The video outlines the School Trust Lands initiative.
3. Meeting Schedule—On the school website, it states that the meetings will be held on the second Wednesday and list the dates. The dates are correct, but the dates are the second Tuesday. We will ask Tiffany McCloud, the school secretary to change the information.
4. Meeting Agendas—Justine Dorton asked the council to brainstorm some ideas to be discussed at future meetings and prioritize them. Marci suggested that we spend some quality time reviewing the testing data. Also, Edgemont Elementary is implementing a program where they use Americore. Edgemont also is using Star Reader. This program has pluses and minuses. Darren knows more about it. Centennial Middle School is using a program that helps students make great gains in reading. The council would like to discuss the duties of the computer technician. They would like a job description detailing what our computer technician does. Adele is in charge of doing this. The question was raised as to whether Canyon Crest could get help from UVU with technology interns? Could they adopt us? Also, are we adopted by Ancestry? Another suggestion was a district wide PLC. Another question was, are we challenging students as much as we are remediating them? This is an issue the council need to look at.
5. House Bill 213—Darren will write a newsletter to be sent home to parents outlining the things that Canyon Crest does to promote Internet Safety and to suggest ways that parents can do the same.

Marci Lemonnier moved that the meeting be dismissed. Alison Parker seconded the motion. The vote was unanimous in the affirmative. Next meeting November 11, 2015.
