

## **Canyon Crest School Community Council**

October 9, 2018

Present: Keith Rittel, Alex Judd, Anne-Marie Harrison, Luvir Ravert, Emily Weaver, Alison Parker, Erica Mildenhall, Marci LeMonnier, Jessica Haslom, Melinda Powell, Renae Dietrich, Heather Blinzinger, Kelly Hawkins, Darren Johnson, Jayme Gandara

Superintendent Rittel introduced himself and the other district personnel with him. He explained that there are two sides to the Dual Language Immersion debate: those that love it and those that want it done away with. There is a pronounced division in our community around the DLI issue. A community conversation to discuss the issues would be helpful. We'd like to hear from families that have left the school as well. A parent night and anonymous community survey are potential ways to begin that discussion. If you have ideas for how to move this forward (i.e. data you would like to collect or questions you would like answered) contact Dr. Johnson.

Marci motioned to approve minutes from last time. Alison seconded it.

The plan we created last year was passed out for review. Last year's SAGE scores are embargoed and can not be released to the public yet. We looked at the preliminary data divided by grade level.

Next month we will go over the plan being implemented this year and come with ideas for next year.
