

School Community Council
April 17, 2018

Present: Megan Westbrook, Erica Mildenhall, Renea Dietrich, Marci LeMonnier, Melissa Peterson, Jayme Gandara, Megan Westbrook, Justine Dorton

Melissa motioned to approve the minutes. Marci seconded it. They were approved.

We went over the 2018-2019 Land Trust Plan and we still approve of it, pending one line removal.

Ideas for next year: We are going to monitor the use of the guided reading libraries (English and Spanish) next year to see if we need to increase their options or replace older materials. We would also like to have money set aside for science materials, especially for use with Mystery Science. We would like more money for aides to deliver reading interventions. We would also like more manipulatives for teaching math and possibly art supplies for Ms. Gibson. The teachers have asked for a social studies curriculum.

We went over next year's W.I.N. literacy tier 2 time plan and how it would affect the teacher usage of the guided reading library. The PTA may choose to provide incentives for teachers who use the library often.
