I have included step by step instructions below to make registering your child/children a piece of cake! The price on the registration website is for the whole program.

1. Click on the above link.
2. On the small calendar located on the right side of the screen, click on the date of the first program, it should be the only date you can click, highlighted in blue.
3. A box should appear under the calendar with the programs name, click it.
3. Enter in the number of participants.
4. Enter the participant's legal **first and last name**
5. Choose the lesson type (between Skiing and Snowboarding)
6. Enter your child's experience level, **please see attached documents for both ski and snowboard experience level description**
7. Check the box of any add-ons your child may need or want.
 - **If your child does not have a season pass, you MUST check the "purchase lift ticket box.**
 - If your child needs a ski or snowboard rental, check the equipment rental box. You do not have to get rentals through Sundance, it does make life easier because you don't have to carry equipment to and from a shop in the valley.
 - If you want to rent a helmet you may, helmets are recommended but not required.
8. Fill out your name, phone number and email address in the contact section. **This is the information I use as your child's emergency contact so please fill this out completely!**
9. Fill in the payment section with your card information
10. Click on the "Complete your booking" button!

11. You should receive a confirmation email with **links to waivers that you MUST sign in order for your child to participate. The waiver is a legal document so the participant's full legal name must be used**

Our snow sports waiver has been updated for the 2021-22 season and may not be on our website yet. Below is the direct link to the waiver
