

Dear Parents,

I know this is a lot of information but **please read all of this email** and pay special attention to the highlighted sections. After reading, send an email to your program coordinator letting them know you have read and agree to all of the below information. The program coordinator will then send you another email (within the next two weeks) with the registration and waiver link with directions on how to register.

Thank you for your patience in this crazy year! There are a few things that will be different than in past years, so please carefully look over the following pricing and important information. If you have any questions or concerns please contact Haley Kalt haleyk@sundanceresort.com

Pricing

- Lesson price (includes all four weeks)-**\$250** **This price DOES NOT INCLUDE lift tickets or rentals!**

Add ons

- Lift tickets (for all four weeks)-**\$100** **Lift tickets must be purchased if the participant does not have a season pass. If you are using a corporate season pass please make sure your child can use it the day of the lesson.**
- Ski or snowboard rentals (for all four weeks)-**\$80** **Participants don't have to rent from Sundance, but it makes it much more convenient already having the skis up here ready to go!**
- Helmet Rental (For all four weeks)- **\$20** **Helmets are not required but are always a good idea!**

Important information

* NO REFUNDS. (I will consider special cases such as broken bones, moving and COVID but you must contact Haley Kalt the Sundance Program Coordinator at haleyk@sundanceresort.com)

*NO MAKE-UP LESSONS.

* All parents/guardians must complete and sign an online waiver for each participant. The waiver link will be in the registration email. Participants without signed waivers by the first day of lessons will be unable to participate. (There are many things to sign, please be sure to fill out everything.)

*Skiers must be at least 8 years old to participate & snowboarders must be at least 9 years old. If a child is found to be younger than the above ages, they will be released from the program without a refund.

* Helmets are suggested but not required.

*Parents must be made aware that if there is free skiing after the lesson there won't be supervision from Sundance instructors. Students should be encouraged to ski with a parent or chaperone after ski/snowboard class.

* If a participant wants to be in the same class as friends/siblings that ski at a higher level than the participant, the friends/siblings must move down to the participant's level. The lower level participant cannot move up.

*Familiarize yourself with the ski and snowboard levels below. (If the participant has only skied/snowboarded a time or two and it's been more than one season please sign them up for level 1).

**An on hill ski assessment will be made the first day of the program, to make sure participants are placed in their appropriate groups.
