

# Provo City School District

## Policy Series 7000: Community

Policy No. 7060

### Visitors on District and School Property

#### Policy 7060

The Provo City School District Board of Education welcomes and encourages parents/legal guardians, authorized volunteers and community partners to visit any district property; to participate in activities; and to attend district-sponsored events. The board believes that the involvement of parents and community members is vital to the development of a better understanding of the district's programs and welcomes their support.

Recognizing the positive impact that family and community involvement has on a student's success, it is the board's paramount objective to provide a safe and inviting working and learning environment for all students and employees, in which disruptions to instructional time are minimized. All district properties are dedicated to the sole and exclusive purpose of providing education, services, and programs to students. The district has the right and responsibility to control access to all district properties. Visitor access, including by parents and legal guardians, may be limited or denied at any time if, in the reasonable judgement of the superintendent or district/school administrator, the visitor's presence may be disruptive to the educational or learning environment or otherwise poses a threat to the well-being of the district's students and employees.

The Provo City School District Board of Education directs the superintendent to create and enforce policies that will enhance student and employee safety; and implement consistent procedures governing access to all district properties.
